

American Red Cross Silicon Valley Chapter

Health and Safety Committee Application

The Health and Safety Committee supports the American Red Cross by helping to promote practical safety techniques and health awareness within the community. We reach out to our community by instructing others in topics such as CPR and First-Aid as well as through volunteering, educating, and donating. Meeting dates and CPR certification session dates will be finalized later and are flexible to change.

The first training day is **MANDATORY** and will be held at the Silicon Valley Chapter. More information will be sent out if there are any further changes.
